

## GAMBLERS AND OPUIM USERS ROUNDED UP

**Oriental in Town Given a  
Surprise Party on Tuesday  
Night--Eight are Gathered  
in and Fined or Sent Down**

Last Tuesday about midnight a raid was made on the Alberta Cafe and Ho Sing's laundry, two Chinese establishments in town, and as a result eight Orientals were gathered in for gambling and using opium and having it in their possession.

For some time past Chief Dunnett has had his suspicions that all was not going well in these places, so he set about in his own quiet way to make investigations. After laying his plans and getting things rounded up to his liking, Chief Dunnett called in the assistance of the provincial police and four of them came up last Tuesday evening with the above results.

Upon entering the cafe the police found a number of the star boarders easily engaged in a friendly game of pool and so interested were they in the "pot" that when the police appeared they all shuddered, leaving the stakes, amounting to fifty odd dollars, on the table. This was confiscated and the players rounded up. When came the matter of arranging their bail, and for this purpose W. H.atcher, J. P., was disturbed from his well-earned midnight slumbers to per-

Soo Sing's laundry across the street was next visited and here the police found a quantity of opium and all the paraphernalia that goes with it. In the party was a dope fiend whom Soo Sing claimed all the goods found in this place belonged. He, too, was

Their case was heard in Medicine Hat on Wednesday afternoon before Magistrates Rao and Sheebottom and the following penalties were handed out: The proprietor of the cafe was fined \$20 and costs and each of the waiters \$10 and costs. See Singapore Free Press and Mercantile Advertiser for details.

Chief Dunnnett has reason to believe there is more of this kind of work going on in town which he intends to clean up as soon as he gets to the right trail.

The chief is deserving of great praise for the manner in which he handled this round-up.

## Soldiers Nominate Candidates Overseas

According to reports from the front great interest is being taken by the Alberta soldiers in the contest for the two overseas soldier seats for the provincial house. Indications are that it will be a very hot election.

In the list of nominations there are 11 Alberta cities and two towns represented; also 20 different fighting units of the Canadian forces. Calgary has seven men honored, Edmonton nine, Red Deer two, Lethbridge one, Munson, and Wainwright one.

## A BATHING POOL.

The drowning accident at Medicine Hat this week again reminds us of the treacherousness of this river as a bathing place for both young and old.

Experiences of the past five or six years appear to point to the fact that it is almost impossible to get through the bathing season of any year without some fatalities to serve as a warning.

Unfortunately the river is no respecter of persons as it very often takes the good swimmers as well as those who cannot swim at all. This makes bathing all the more dangerous and all warnings are to be heeded at all means that the river is no fit place at any point for bathers.

Because of this an opportunity presents itself for these interests in the welfare and safety of our boys, to provide some place where swimming can be made less dangerous. Of course some will say it is not absolutely necessary for boys to go in swimming. But we all want our boys and girls to do lots of things which are not absolutely necessary, else they will pass into manhood and womanhood without having enjoyed those things which only childhood can enjoy.

Who of us does not look back upon the old swimming hole days, with their clam bakes and frog legs as the happiest of our lives? Unfortunately in these prairie provinces our children do not have the advantage of creeks, mill ponds and flocks which were ours in days gone by and it is a sad handicap.

In talking over this matter with a caller at our office today it was suggested that our citizens endeavor by public subscription, to raise sufficient funds to make some kind of a swimming pool in this town for our boys and girls. After this conversation and some investigation the Review is convinced that such a scheme could very easily and economically arranged. The first obstacle to come up was that of sewerage to be disposed of the water from time to time in the pool. This can be overcome by the suggestion that the swimming pool be erected just at the top of one of the coles which runs down to the river. At the present time the surplus water from the rolling Mills runs down one of the coles. This water is clean and warm. It could be harnessed so as to run into the swimming pool and would be about the right temperature for bathing.

Apart from allowing the boys and girls the free use of a pool it might be made a paying proposition. The original expense would be very small, as nature has already done some of the work. Then with upwards of 600 men now employed in our different plants and as many in other occupations, all of whom would willingly pay a small fee for an evening plunge, it should soon come revenue producing.

If something like this were undertaken the children of today would "rise up and call us blessed."

The Germans have been very short-sighted in many of their undertakings since they started this war but judging from the way the allies are closing in on "Lens" the Huns will soon be totally blind.

## STRAY CATTLE.

As a newspaper office appears to be the headquarters for all complaints, the Review has received its fair share of them during the past week, and all of them have been along the same lines, namely, the terrible destruction done to garden stuff in town by cattle running at large.

No fewer than three people have told us that their gardens have been completely eaten up by stray cattle this last week or ten days. One man informed us that after going to \$75.00 expense putting in a garden it is now almost useless. Every cabbage plant he put out is eaten up and his entire turnip patch has disappeared. Another tells that his garden of peas, carrots, parsnips and other vegetables just ready to use disappeared in a night. This is not only discouraging, it is a crime, especially at this time when the world is crying out for provisions.

In no case we have heard of do any have those effected put in a claim for damages. We think they should. They should catch and keep one of the animals and keep it till the damages are paid for.

Our town officials whose duty it is to look after this stray stock, should leave no stone unturned to bring the careless owners to justice and make an example of them, even if it requires staying up all night to do it.

## THE BAND.

In this issue, those actively interested in the organizing of a band here, have a notice calling for a meeting on Friday, July 27, to meet Bandmaster Stewart of Medicine Hat.

We understand a movement is on foot whereby the services of Mr. Stewart may be secured to organize, lead and instruct a band here and work it in conjunction with his Medicine Hat duties.

As the question of a competent leader has been the great obstacle in the way of having a good band here it seems to us this proposition is one which should be taken advantage of if at all possible.

All interested not only in the organization of a band but in the welfare of the town should make it a point to attend this meeting and lend every assistance in helping along the movement.

## OVERHUNG TITLES.

The way titles have been handed out in Canada during the past few years has been, to say the least, sickening.

When we think of the Lords and Barons who have been created lately and read their records as exposed from time to time, and then think of the men like McDonald, Brown, Wiley, Cartier, Howe, Tupper, McDougall, McGee, and scores of others in more recent years who devoted their whole life and energy to their country, and the fruits of whose labors are seen on every side today, yet who passed out of this life with nothing more than "Honorable or Sir" for a handle, when we make these comparisons and remember these comparisons and remember that the works of these plain men will live long after the illustrious millions of the Lords and Barons have been spent, we say: it is sickening.

Canada neither needs nor wants a titled class and certainly not hereditary titles. A man may earn some distinction and "may" be given a title for services rendered, but it is no reason why that title should be passed on to a scape-goat son.

Talk about this war bringing about many changes, but the greatest change is brought to light by an eastern manufacturer who states that he would rather employ women than men as the women waste less time talking than do the men.

The American soldiers are now known as "Sammys." When Sammy and Tommie get together they should have a p—hunny time of it.

Now that the schools in England are closed for the summer vacation what will the German baby killers do for targets for their Zeppelins.

It's too bad Mr. Fiavelli got his title before his grafting was exposed. Otherwise he might have been christened "Baron Bacon, of Porkraff."

## Meeting Discusses

## Harvesting Problem

A meeting was held in Ottawa this week to discuss the harvest help problem with the premier.

A cordial spirit of co-operation was manifested by all present and there is no doubt that every effort on the part of transportation companies and various associations will be made to assist in securing an adequate supply of labor for the purpose. It was suggested that Sir Robert Borden should issue a general appeal to the Canadian people to aid and co-operate for this purpose and such an appeal will be made and sent out through the press in the immediate future.

## Some Changes in

## British Cabinet

Sir Edward Carson relinquished his post as first lord of the admiralty, and joined the war cabinet without portfolio, according to an official announcement of war ministerial appointments. Sir Edward will be succeeded by Sir Eric Campbell Gordon, who has been director-general of munitions supply. Winston Spencer Churchill succeeds Dr. Christopher Addison as minister of munitions. Dr. Addison becoming a minister without portfolio in charge of the education. Baron Hodge of Beaulieu, is made secretary for India.

One of the most acceptable appointments as far as in general public is concerned is that of Mr. Meade. He is one of the very few members of the House of Commons in which he is minister of munitions, to join the Lloyd George ministry.

## Plans to Defeat

## Hun Sub Program

Major-General Goshall, manager of the Shipping Board's emergency fleet corporation, took full charge of the United States government's ship-building program and announced sweeping plans for construction of the great merchant fleet with which the United States hopes to defeat the German submarine campaign. The most important steps contemplated by General Goshall are these:

Immediate construction of two government-owned shipbuilding plants for building 400 fabricated steel ships of 2,500-ton tonnage.  
 Construction of 1,500,000 tons of shipping new building for private account in American yards.  
 A request for another great appropriation for building ships.

## Russians Now Better

## Equipped Than Ever

While the Austrian and German official discussions continue to boast the Russian successes south of the Danube river as of an unimportant and local nature, and casually call towns like "Hannau," the Tagblatt's correspondent at Austrian headquarters says it is idle to deny the fact of the Russian advance. The most of the Danube is affected by the decisive changes south of the river.

Neither Lemberg nor Kovel is yet threatened, says the correspondent, but the Russian advance is moving in the direction of the great petroleum field at Dniepropetrovsk, southwest of Lemberg. He adds it is now clear that the revolution has affected the offensive power of the Russian army less than had been believed with heavy artillery than ever before.

BOMBS FOUND IN CHICAGO  
 GOING TO EAST ST. LOUIS

Fifty-three bombs, containing "T" and an explosive based on sulphur compound were intercepted by the police of Chicago and men of the Department of Public Safety. The bombs were being shipped to East St. Louis with a carload of scrap iron.

## COLDS AS CONTAGIOUS

Treat a cold like any other contagious disease; the secretions of the nose and throat are infective, and are responsible for conveying the disease to others. Frequently one observes this kind of thing. One individual in a household catches a cold. In about two days a second person develops a cold. In another day or so there is a third case, and so it goes until practically everybody in the house has been sick. This condition of affairs is usually looked on as quite in the order of things, and no particular thought given to the matter. The explanation is of course transmission inside of the household from one person to another through the transfer of infected mucus and nose secretions in exactly the same way as if the disease were measles, scarlet fever or diphtheria.

## Really Unkind

Sam was reading the paper, when suddenly he choked and addressed, Mrs. Sam:

"What unkindness, Maria! it says here that some idiot has actually paid a thousand dollars for a dog!"  
 "Well, my dear, those well bred dogs are worth a lot of money, you know," answered his wife.  
 "Yes, of course, I know that! But a thousand dollars! Why, it's a good deal more than I am worth myself!"  
 "Ah, yes, Sam! But then some dogs are worth more than others, you see!"

## Ah, Yes She Will

Mrs. Devotion

Mrs. Cuckoo—What a ridiculous idea! creature that young Miss Pullet is! Mrs. Leghorn—Oh, she's young yet. Well, till she has known the sorrow of sitting for three weeks on a chair and two doorsteps, she'll sober down then.

Mrs. Devotion

"Young Mrs. Fuller tells me that her husband is going to teach her how to skate this winter," says Mrs. Goop, in the tone of a woman who employs when she conceals a reproach in a moral of conversation. "Isn't it nice to see a man so devoted to his wife?"  
 "Devoted—shucks! grum!" says Goop from behind a magazine. "He's a blamed scoundrel of her he won't take a chance of having any other man near her!"—Judge.

## Receive Medals

Within the last few days a number of farmers in western Canada have received medals and diplomas for their agricultural produce exhibited at the San Francisco Fair in 1916. The exhibits were made under the auspices of the Canadian Pacific, which itself had its own building and large display on the grounds, for which it was awarded a gold medal. It comes at this time when the eyes of the world are turned upon producing countries as a vital reminder of western Canada's capabilities in that direction.

## Germans Had Finger

## In Chinese Pie

Official advices from Peking give prominence to reports that the Imperial army of Cheng Huan was offered a part by interested Germans, whom he had returned as part of the conspiracy to restore diplomatic relations with China. The battle in Pekin lasted for eight hours. It is reported four American men and one Italian were wounded by stray bullets. Cheng Huan's troops are said to have inflicted important losses on the Republican forces.

## HANDSMEN TO MEET.

A meeting of the handsmen and those interested in the Ottawa band, and also anyone interested in an orchestra, is called to meet Bandmaster Stewart of Medicine Hat, on Friday evening, July 27th; the meeting to be held in the Post Office block, Redcliff.

Kirk George has announced a new name for the royal house and family. It will now be of the House of Windsor instead of Saxe-Coburg and Gotha as formerly. The old name evidently sounded too German.

Declaring themselves in favor of "male selection" as a method of men to carry on the war, and the conscription of wealth for the same purpose, "directors of the United Farmers of Alberta" adopted a resolution along these lines which will be forwarded to the government.

New Mitties and Sports Shirts at Gibson & Tupper's.

There will be service in St. Ambrose church next Sunday morning.

Mrs. H. Hagrave and son of Medicine Hat, are visiting friends in town this week.

Mr. and Mrs. Robert Hamilton and family and Mrs. W. T. Gates and son, leave Sunday for Hays where they will spend two weeks holidaying.

Mrs. Nicholson, formerly of Redcliff, but now of Dullesville, Alta., is spending a week in town, the guest of Miss Broadfoot.

G. Dubeau, who has been visiting his son Adam, and his daughter, Mrs. T. Koppe, left Wednesday morning for his home in Farnham, Minn.

Mr. and Mrs. R. H. Zeller and Miss Dorothy Duns of Carib, Sask., were guests at the home of Mr. and Mrs. E. E. Higgins during the stampede.

Mrs. Batsford and son Fred, of Oskatoke, spent a few days here last week visiting her aunt and uncle, Mr. and Mrs. Wm. Henderson, Sr. They also visited Mrs. C. J. Wilson in Medicine Hat and returned home from there.

W. O. Doda, who has been employed on the Royal bank staff here for the past two years, has been transferred to the branch at Lethbridge. Before leaving his friends met in the rooms over the bank and gave him a send off.

Miss Goshen, formerly of the school staff here, is making great headway at her profession since going to Medicine Hat. During the fair week she had charge of all the school exhibits and recently she has been put in charge of one of the summer schools to be held in this city.

Their many friends in town will be very sorry to learn that Mr. and Mrs. A. M. Parker are leaving here for good. Mr. Parker has been connected with the Glass plant here for some time but is now transferred to the company's plant in Toronto. They leave for the east early next month.

Magistrate Henderson had a busy time last Monday when three cases were brought before him. A pedlar was up for canvassing without a license, and was taken the usual fine. An employee of the C. P. R. construction used for wages but the case was dismissed. Another charge was on the charge of using insulting language to a neighbor. He was fined three dollars and costs.

Word has been received by the secretary of the Red Cross society notifying her that the address of one of Redcliff's adopted prisoners has been changed. His new address is Lane Court, Henry Miller, 10871, 4th St., San Jose, Brundage, California-Rhein, Germany. Mr. Miller says he would be glad to hear from any one in Redcliff who can find time to write him.

Misses Ethel Fairbairn, Beatrice Newitt and Carrie Hardin are spending their holidays at Banff.

Mrs. A. E. Tester and family left Tuesday morning for Hahlaya to visit friends.

Mrs. B. P. Crean and family, of Winnipeg, arrived in town this week and are now living in their new home—First street.

Mrs. M. P. Taylor, of St. Paul, Minn., is a visitor at the home of Mr. and Mrs. C. J. Wilson in Medicine Hat.

Mr. and Mrs. T. E. Murphy are spending their vacation visiting friends in Victoria and Vancouver, during Mr. Murphy's absence. T. E. Green has charge of the C. P. R. station here.

The old warehouse on the siding which crosses Broadway west, is being used for new industrial purposes. This building was one of the old landmarks of the town.

When the conscription bill, which has been passed, is put into effect, each class called up will be required to report immediately. Those married after June 11th are classified as single.

Among those who visited Mr. and Mrs. W. J. Fairbairn during the stampede week, Mr. and Mrs. E. E. Higgins, of Carib, Sask., D. D. Doda, of Taber, Mr. and Mrs. Wm. Henderson of Carleton Place, D. D. Doda, of Kinsdale, Sask., and their son Bert, with many friends from Brooks.

Among those from here who were present at the fair at Medicine Hat last week were: T. H. Bolderson, who took first for his carriage horse and second for his drivers; he also got four firsts, one second and two thirds for his poultry. Fred Gourtsell got a first, second and third for his chickens, and W. Keast got a first with his black retriever and a second with his brown spaniel.

Owing to the number of people who are now leaving town for their summer holidays, the ranks of the Red Cross workers are being somewhat thinned, leaving room for new volunteers to offer their services. At present there are two of the monthly collection boxes unaccounted for and the executive would be pleased to have new people to undertake this work for a few months. Any desirous of assisting might leave their names with the secretary, Miss Gibson.

Last Monday evening some of the young bloods in town indulged in what has since turned out to be a premature charivari. Dame Rumor got busy and spread the news that one of the boys had slipped away and taken into himself a homelike to pilot him through the submarine zones which daily beset the pathway of one so young and popular. With tears in his eyes the young man informed us that Dame Rumor had made a mistake and that the joke was on the charivariers.

## Keep The Potatoes

## Green And Growing

Many are growing potatoes in Canada this year, for the first time, and as a result of the great increased number of growers the crop will probably be greatly increased. But to insure a good crop there must be an abundance of moisture in the soil and the tops must be protected from insects and disease.

The soil should be kept cultivated with the cultivator or hoe, so that the weeds are kept down to the ground. As most of the tubers develop in the third or four inches of soil nearest the surface, and as the tubers will not develop well in dry soil, quite shallow cultivation is desirable at this season of the year. In soil which is dry there may be good development of tops but there will be few tubers. The roots in such cases have gone down deep into the soil to obtain moisture but the tuber-bearing stems, which are quite different from the root system, do not develop well. Where the soil is a loose, sandy loam, hilling is not necessary and may be injurious, as the soil dries out more than if left on the level. In heavy soils it is desirable to hill the potatoes as it will loosen the soil and the tubers will be developed when the ground is level. When there is sufficient rainfall and moisture in the soil hilling is likely to give best results in a kind of soil as the soil will be looser and the tubers can push through it readily. As a great development of the stems takes place during the cooler and usually milder weather of the latter part of summer, it is very important to keep the plants growing well until then. In one experiment it was shown that during the month of September there was an increase of 118 bushels of potatoes per acre.

It is very important to prevent the eggs of potatoes from being eaten by insects, particularly by the Colorado Potato Beetle. The old "bugs" do not do much harm to the foliage, but the rule, and usually the plants are not sprayed to destroy these, although the fewer there are to lay eggs the less difficulty there will be in destroying the young ones. These begin to eat rapidly soon after hatching, and clean water should be kept to wash the vines may be sprayed before harm is done.

## Says Germans Played Double With U. S.

In their review of the administration of the German chancellor, Dr. von Bethmann-Hollweg, the German newspapers conflict prominently and often in an uncompromising manner on his treatment of relations with America. In the *Vossische Zeitung* George Bernhardt openly accuses Dr. von Bethmann-Hollweg and his foreign secretary, Dr. Zimmermann, of having played a double game with Washington, making war inevitable by attempts to deceive and mislead President Wilson in regard to the policy and intentions of Germany.

Here Bernhardt intimates that the maintenance of the peace of the world, fully might not have led to war with the United States had not these diplomats artfully increased the danger and destroyed every chance of avoiding a break. He says they encouraged the idea of mediation by President Wilson in America, but did nothing to make it acceptable at home.
